PETER MAFFAY
STIFTUNG

FOUNDATION HOUSE IN POLLENÇA

The former medical practice of Sureda family, in Pollença, hosts the public centre of the Foundation. In 2011, this wonderfully renovated house of Mallorca became the centre of the Foundation, an interface between the headquarters in Tutzing and the therapeutical farm Ca'n Llompart.
The Foundation centre is also a meeting place.

Those interested may find here full information on the Foundation activities and on the sojourns for children and adults. Also, Peter Maffay Foundation makes available exhibition facilities for artists and invites guests for lectures and round tables.

Trencadora
Restaurant/Trattoria

TRENCADORA

The charming and relaxed Trencadora restaurant is located in the picturesque old town Pollença in the northern part of Majorca. Enjoy our warm and rustic atmosphere while chef Mario xyz prepares finest Italian and Mediterranean dishes for you ranging from home-made pasta, grilled meats and fish to scrumptioulsy delicious desserts. On balmy summer evenings, patrons are invited to join us in our spacious and romantic garden, which borders onto Fundació Tabaluga.

The garden offers terraced seating, lush lawns with garden views and also features a trencadora, a traditional Majorcan nut shell separator for almonds, from which the restaurant's name derives.

At Trencadora we are committed to entice our guests with a wide array of flavours and base our menus on locally grown and sourced produce. We are dedicated to creating a relaxed and cosy atmosphere, serving high quality food and offering the best possible service to our guests.

Trencadora's facilities and services are also available for major functions. Catering options available.
